¡Feliz 2013! I have always believed that the number 13 was a lucky number, though many might disagree. Infinitely blessed already as the year starts, I want to encourage all of our Georgia members to embrace positive thinking this year. It seems the world has been filled with much negativity of late and I believe we as educators can lead the charge to battle against this negativity.

In my classroom are students whose parents have been downsized, divorced, deployed, and discouraged, which leads to issues at home that affect their performance at school. I have several students with family members facing grave illnesses which weighs heavily on their mind. There are a large number of students coming from single parent homes in our school who live in a constant state of financial flux. I find myself constantly reassuring them that this is a great nation and, if we all work together, it will continue to be. I also encourage them to believe that a bump in the road is not the end of the road.

I know all of us see these things in our classroom and are trying to be that positive force for our students. What we teach is a great vehicle for building the next generation of citizens—global citizens. More than any other subject area we can provide an opportunity for our language students to see the bigger picture, to love their neighbor, to embrace the ability to communicate, to build relationships with the world, and to send them into that world with confidence toward those ends.

Your executive board wishes you every success in 2013. We are embarking on another very busy season of activities. Please nominate those wonderful students for our Student of the Year awards at every level. Encourage all of your students to challenge themselves in the composition contests and the National Spanish Exam. Honor their achievements with induction into Sociedad Honoraria Hispánica or Sociedad Hispánica de Amistad. If you don’t have a chapter, start one. Apply for a Teacher Resource or New Teacher Mini-Grant to help you. Apply for our Travel-Study Award and gain new insight to bring home to your students. Even more exciting, we can’t wait to see what Spanish program will win our first award. Let’s go, 2013!

Sincerely,
Di Johnson, President AATSP-GA

The Georgia Chapter offers an award of $500 to reimburse out-of-pocket expenses incurred during study abroad programs in Spanish or Portuguese-speaking countries. The award is given in loving memory of Raúl Fernández, a long time foreign language educator and advocate, and member of AATSP Georgia Chapter Executive Board, who was a vital force in creating the activities, awards, and opportunities that we offer our membership today. To qualify as a recipient of our Travel-Study Award, one must be a Georgia educator returning to the classroom in the following school year to teach Spanish or Portuguese. Special consideration will be given to members who have been active in national AATSP and Chapter programs, which include the following:

The complete application will consist of the following materials:

• A photocopy of the letter of acceptance from the sponsoring institution.
♦ A statement of anticipated program-related expenses. Include tuition, room, board, airfare and other transportation expenses. (Do not include optional excursions, souvenirs, etc.)
Please indicate clearly how much is being paid by other sources (your school, any scholarships, staff development stipends, etc.) and how much will come out of your own pocket.
